EXHIBITION PLAN

The Organizing Committee of the 75th Annual Session of The Indian Ceramic Society has booked space (50 stalls) at Shilpgram, Agra for four days (19th to 22nd December, 2011) for holding an exhibition-cum-sale of Traditional Ceramics, Glass Products, Machineries, Test Equipments, Kiln Furniture, Raw Materials & Product Designs.

.....We would like to reserve space for _____ stalls in the exhibition @ Rs. 30,000/- per stall of size 9'X9' at Shilpgram, Agra. Facility provided by us will be Organization Name Display on each stall two tables (5' x 2'), two chairs, 5amp power point along with one CFL bulb and with fabric cloth walls partition. For additional fibre or plastic hard boards partition on extra payment basis, kindly contact directly our Event Manager Mr.Arun Saxena - 09319212344 in Agra. The stalls would be reserved on "first come first served" basis.

WESTERN UTTAR PRADESH(KHURJA) CHAPTER OF IND.CERAM.SOC

It was started in 1986 and the first chairman was Padamshree Late Dr.T.N.Sharma. This chapter is continuously working for breaking the mind-set of the people on manufacturing technologies thru invited lectures by experts, Quiz among ceramic students, AllCeram freshers course and memorial lectures on 4th August every year. For its remarkable contribution to the Western Uttar Pradesh Region chapter was given "BEST CHAPTER AWARD" in 2007 & 2010. It has taken the responsibility of organizing Platinum Jubilee Session in AGRA in 2011. Members of the chapter are travelling all over India for seeking support and maximum participation in the form of lectures, exhibitors, advertisements, delegates(Industry & Institutes), posters, students session, AIPMA & IIC sessions.

CENTRAL GLASS AND CERAMIC RESEARCH INSTITUTE

Central Glass & Ceramic Research Institute (CG&CRI), one of the foremost laboratories under the Council of Scientific and Industrial Research (CSIR), started its function in 1944 and was formally inaugurated on August 26, 1950. Today, CGCRI is the only research laboratory in India engaged in the research and development of glass, ceramics and ceramics based composite materials. A wide expertise pool generated through years of devoted efforts spans from basic research to technology development at bench and prototype scales. CGCRI has its extension Centres in Ahmedabad & Khurja. CGCRI-Khurja Centre started functioning in 1981 for the growth of pottery clusters in U.P. Center is dedicated to day-to-day up-gradation of technology with lot of activities for Cluster Development. CGCRI-KC is concentrating on Energy saving in these industries thru technology development along with exposures of cluster actors to various activities via tours to other places and Trainings by experts in Khurja. Centre is continuously providing testing and technical facilities to the units for their upliftment.

PCRA, N.DELHI

Petroleum Conservation Research Association (PCRA) on behalf of Govt. of India under Ministry of Petroleum & Natural Gas, has been working for the development and deployment of strategies for energy conservation and environment protection in the major sectors of economy i.e., Industry, Agriculture, Transport, Domestic & Commercial. The oil crisis of 1970s brought into sharp focus the need of conservation of petroleum product due to the enormous hike in country's import bill. The Govt. in response set up the Petroleum Conservation Action Group (PCAG) in 1976, which was subsequently reconstituted as PCRA in 1978. Over the new years, new developments have shaped and given thrust to PCRA's programs & activities.

SOUVENIR

The Organizing Committee proposes to bring out a souvenir, which will contain details of event & sessions along with technical articles & advertisements etc. We would like you to give Full /Half page advertisement for the Souvenir.
