THE INDIAN CERAMIC SOCIETY

(founded on April 15, 1928)

WITH THE BLESSINGS OF

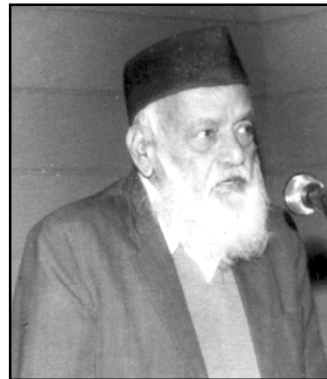

Pandit Madan Mohan Malaviya
(1861 – 1946)

— F O U N D E R S —

Sirdar Krishen Singh
(1888 – 1982)
Inaugural Chairman

Shri T. W. Talwalkar
(1902 – 1994)
Inaugural Secretary

Pandit Madan Mohan Malaviya

(December 25, 1861 – November 12, 1946)

Born in an educated orthodox Hindu family at Prayag (Allahabad) in 1861, Madan Mohan Malaviya has been recognized as an outstanding and noble son of India.

His multifaceted personality made him, at the same time, a great patriot, an educationist with a vision, a social reformer, an ardent journalist, reluctant but effective lawyer, a successful parliamentarian and an outstanding statesman. Among Malaviyaji's many achievements, the most monumental was the establishment of the Banaras Hindu University or Kashi Hindu Vishwavidyalaya. In the course of his lifetime Banaras Hindu University came to be known as a Capital of Knowledge acknowledged across India and the world.

Pandit Madan Mohan Malaviya created history in Indian education with this institution – the first of its kind in the country. He chose Banaras as the site, because of the centuries old tradition of learning, wisdom and spirituality inherent to the place. His vision was to blend the best of Indian education called from the ancient centres of learning – Takshashila and Nalanda and other hallowed institutions, with the best tradition of modern universities of the west.

Great minds and personalities like Annie Besant, Mahatma Gandhi, Rabindranath Tagore, Shyama Charan De and many others joined hand with him in his quest for knowledge, arousing the national spirit in India and winning freedom with the power of education and righteousness.

Malaviya passed away in 1946. But his spirit still lives and there are many who bear the torch that he lit, many more stand ready to shoulder the mantle of his responsibility.

To All Our Esteemed Members

I welcome you all to the “little kingdom” of The Indian Ceramic Society. It is very pleasing for me that our organization has progressed significantly over the past few years due to the continuous love and support of all our dear members, whom I may proudly consider as the family members of this ceramic family.

In the very beginning I, along with all my members of this ceramic family, deeply mourn the sad demises of following members during past two years and convey heartfelt condolences to the respective bereaved family: Mr B. M. Agrawal, Mr G. K. Bhagat (past President and Hony Member, InCerS), Dr T. V. Prasad, Mr P. G. Datta and Dr Amalendu Ray.

At this juncture I feel the necessity of publishing yet another Membership Directory. This will help all our dear members to know each other intimately. Those who are new to our family will have a good chance of exchanging news and views with their seniors.

During the last two years we have made excellent progress in several fronts, which are outlined below:

The journal, ‘Transactions of the Indian Ceramic Society’

Perhaps you are well aware that the quarterly publication of the Society, ‘Transactions of the Indian Ceramic Society’ is now under the coverage of Thompson Reuters products and custom information services. The publication is indexed and abstracted in: Science Citation Index Expanded (SciSearch), Materials Science Citation Index and Journal Citation Reports/ Science Edition. The journal had been given an impact factor of 0.349 by Thomson Reuters Expanded in 2011. Further, starting from volume 71, number 1 (2012), the journal is being co-published with Taylor & Francis Group (T&F), UK. The Indian Ceramic Society is continuing with its existing print publication procedure, while the online version is being published by T&F. *Transactions of the Indian Ceramic Society* now uses ScholarOne Manuscripts as its online submission and review system.

Regarding publication highlights, the journal published two special issues as Vol. 71, no. 4 and Vol. 72, no. 1 with the peer reviewed papers presented in the National Symposium on Materials and Processing (MAP-2012) held at BARC, Mumbai. A total of 28 papers were published divided in the two issues and Prof. Parag Bhargava (IIT-Bombay), Dr S. Ramanathan (BARC, Mumbai) and Prof. G. P. Kothiyal (BARC, Mumbai) were the guest editors.

Although the website of the ‘Transactions’ (www.transactions-incers.org) started functioning from September, 2008, the abstracts and pdf versions of the full-length articles/papers published since 2003 could only been uploaded in the said website as the soft copies of the papers published prior to 2003 are not available in the Society’s record. Now, to complete the online archive of the journal, the Society has started the process of digitization of archive of its journal in association with ‘V-Prompt e-Services’, Secunderabad, India at the instance and initiative of Taylor & Francis Group, UK.

Signing of MoU with The American Ceramic Society

On January 18, 2013, during the inaugural session of the 76th Annual Session of the Society, Dr A. L. Shashi Mohan, President, and Dr A. K. Chattopadhyay, Vice President, on behalf of the Indian Ceramic Society and Dr George Wicks, Immediate Past President, and Dr Kathleen Richardson, President Elect, on behalf of the American Ceramic Society officially signed a historic ACerS-InCerS Memorandum of Understanding (MoU). The pact benefits both groups by offering each other discounted membership, lecture exchanges, a presence on each other's websites, and more interactions in each other's publications.

CeraGlass India 2012

Indian Ceramic Society along with Confederation of Indian Industry (CII) and Rajasthan State Industrial Development & Investment Corporation Ltd (RIICO), Ministry of Commerce and Industry (Govt of India) and Govt of Rajasthan organized the 2nd edition of the International Exhibition on Indian Ceramics and Glass 'CERAGLASS INDIA 2012' during December 15-18, 2012 at Jaipur, Rajasthan. Dr A. L. Shashi Mohan, the then President of the Indian Ceramic Society, did his best for making the event successful. All co-operations were extended from the secretariat of the Indian Ceramic Society to the organizers by organizing road shows, arranging meeting in Kolkata, providing information and linking CeraGlass with the website of the Society. As a partner of this mega show, the Indian Ceramic Society took the lead role in organizing the Technical Sessions at 'CeraGlass India 2012'.

Aluminas-2013

The 3rd international conferences on "High-Tech Aluminas and Unfolding their Business Prospects" (Aluminas-2013) was organized most successfully by the Indian Ceramic Society jointly with CSIR-Central Glass & Ceramic Research Institute during March 7-9, 2013 at CSIR-CGCRI, Kolkata, India. The Conference was endorsed by International Ceramic Federation, Italy. Ceramic Forum International (CFI) was the media partner.

The keynote address was delivered by Prof. Gary L. Messing, Professor, Pennsylvania State University, USA and a distinguished person of international repute, and the special plenary lecture was delivered by Mr Marcel Spreij. During the two and half days of the conference 6 plenary talks, 14 invited papers, 10 contributed papers and 12 posters were presented. There was also a session on corporate presentation and an exhibition. Altogether 190 persons including speakers, guests and delegates participated in the conference. A detailed report on 3rd International Conference on High Tech Aluminas & Unfolding their Business Prospects (Aluminas-2013) was published in the April-June issue of 'Trans. Ind. Ceram. Soc.', (vol. 72(2), pp. 137-140), 2013. A brief on Aluminas-2013 was also published in CFI (Ceramic Forum International), No. 6-7, June-July, 2013, pp. E41-E42.

Special Program on Ceramics: Ceramics-2013

Indian Ceramic Society for the first time in its history organized a Special Program on Ceramics: Ceramics-2013 comprising (a) two days' Workshop on Fundamentals of Ceramic Science on 4th & 5th September, 2013 and (b) National Symposium on Ceramic Science and Technology on 06th September, 2013 at CSIR-CG&CRI, Kolkata, India.

Dr A. K. Chattopadhyay, President, Indian Ceramic Society, and Managing Director, TRL Krosaki Refractories Ltd, presided over the inaugural programme of both the Workshop and the National Symposium. During the two days' Workshop nine faculty members delivered their lectures on different topics. Part of the Workshop was visit to several laboratories of CSIR-CG&CRI, Kolkata on 05.09.2013. During the half day of the National Symposium three invited lectures and seven oral papers were presented. There was also an exhibition. There had been 58 and 56 delegates participated in the Workshop and the National Symposium respectively. Altogether 105 people including distinguished guests, invited speakers, faculty members and members of organizing committee participated in this programme actively. A detailed report on "Special Program on Ceramics: Ceramics-2013" was published in the October-December issue of 'Trans. Ind. Ceram. Soc.', (vol. 72(4), pp. 265-266), 2013.

Web Page

You may notice that the website of the Society (www.incers.org) has been improved much and is updated regularly. The list of Long Term Corporate Members along with short company profiles has been uploaded in the website. Lists of new Life Members and Corporate Members are also uploaded in the website regularly. The members are requested to browse the pages for any information pertaining to the Society. We would appreciate receiving suggestions towards improvement of the website.

Membership

The membership strength has increased significantly during the last two years. A total of 321 new members have been enrolled since June, 2012. Here I may proudly mention that the second Students' Chapter of the Indian Ceramic Society has been established at the Department of Ceramic Technology, IIT, BHU, Varanasi (UP).

Financial Aspect

I am glad to inform you that the financial picture of the Society now looks quite sustainable. This has become possible because of several attractive schemes for membership and advertisement (e.g. Long Term Corporate Membership, Long Term Advertisement, etc) launched since the year 2007. Actions were taken to realise the dues of the advertisers, due subscriptions of the Corporate Members and Annual Members, etc not just as a routine work, requests have also been made over phone to the defaulting members across the country and through the Local Chapters. In this context, I would

like to appreciate the continuous and active support rendered by all our advertisers, without which the financial strength of the Society could not have advanced progressively and be in its present position.

Finally, I would like to offer my heartfelt thanks to all our members of the Society, without whose active co-operation it would not have been possible for the Secretariat to publish this new and updated version of the Membership Directory. I feel most privileged to thank all the advertisers who have contributed their best by way of giving advertisements in this directory. Thanks are also due to the secretarial staff members for their sincere effort as well as hard work in bringing out this directory in time. I proudly believe that all the members of our ceramic family will maintain their moral commitments which will help us scaling new heights in future. I once more request everybody to help us by providing latest contact details to enable us to insert matching corrigenda in the website and incorporate the same in the next directory to be published in 2016.

With best wishes,

(Atanu Ranjan Pal)
Hony Secretary

OBJECTIVES OF THE INDIAN CERAMIC SOCIETY

The objectives of the Society are :

1. (a) to promote, particularly in India, the advancement of the knowledge of Ceramic Science, Arts and Technologies dealing with Clays and Clay Products, Glass, Enamels, Refractories, Cement and such other allied products;
- (b) to bring into contact those engaged in these pursuits with a view to developing a synergy among them particularly the industry, the professionals, the academia and R & D Institutions;
2. (a) to receive, edit, publish and distribute papers, periodicals or journals, books;
- (b) to establish and institute Special and Memorial Lectures;
- (c) to hold Conferences, Meetings, Symposia, Colloquia, Workshops on relevant themes and subjects;
- (d) to set up Libraries, as and where convenient;
- (e) to exchange journal and other publications with similar materials published elsewhere;
- (f) to establish interrelationship in mutual interest with similar bodies in different parts of the world;
- (g) to confer awards, medals and other distinctions on members in recognition of excellence attained in any branch of ceramic and related subjects;
- (h) to collect and display models and articles of interest related to ceramics and allied products;
- (i) to help establishment of zonal centres and local chapters and regulate activities thereof and modify or abolish them whenever considered necessary;
- (j) to take over, merge and manage any other Society or institution, if so required;
- (k) to invest money belonging to the Society, but not immediately required to be spent, in such a manner as may be deemed fit and proper from the point of view of both security and profitability;
- (l) to perform all such other functions as are incidental and conducive to the attainment of any of the objectives.

MEMBERSHIP BENEFITS

- * The Society provides a forum for establishing good fellowship with peers and groups having common interest.
- * The Society organises its Annual Sessions in different zones of the country which are attended by delegates representing industry, academia, R&D organisations, ceramic professions, entrepreneurs, equipment and raw materials suppliers, etc from India and abroad.
- * The Society's Annual Sessions and Technical Meetings as well as the meetings of its Chapters provide opportunities for representatives from industry, academia and R & D organisations to meet and share their experiences and discuss achievements and problems.
- * The Society as well as its Chapters organises frequent meetings, get-togethers, seminars, workshops and exhibitions from time to time to discuss, analyse and focus topical themes of interest to the members.
- * The "Transactions" provides a medium for presentation and publication of original research and review papers as well as news and results regarding research and developments, business information, industrial statistics, etc. It contains information on the activities of the Society and of the ceramic industry in general as well as news about new developments in the field. It also disseminates advance intimation of Seminars, Symposia, Conferences, Workshops and Exhibitions, etc to be held in both India and abroad.
- * The Society presents various awards for best papers in different areas of science and technology of ceramics published in the "Transactions" or in other reputed Indian journals. Awards are also given for outstanding contributions in the fields of glass and ceramics as well as refractories.
- * The Society organises several memorial lectures delivered by eminent materials scientists. The members have the opportunity to get an exposure to the research and development work being carried out and to the latest state-of-the-art in specific areas.
- * The Society provides an opportunity to voice opinion before the whole ceramic fraternity in India.

Intimation Form for Change of Address

INDIAN CERAMIC SOCIETY

Care : CSIR-CG&CRI, Kolkata – 700 032

E-mail : incers@cgcri.res.in ; editor_incers@cgcri.res.in

The Hony Secretary
Indian Ceramic Society
Care : CSIR-CG&CRI
Kolkata – 700 032

Dear Sir,

Kindly note the following change(s) :

Address (Office) :

Pin Code : _____ State : _____

Address for Communication :

Pin Code : _____ State : _____

Phone (Res) :

Phone (Off) :

Fax :

Mobile :

E-Mail :

Name : _____

Signature : _____ Date : _____

INDIAN CERAMIC SOCIETY

MEMBERSHIP DIRECTORY

(as on May 31, 2014)

This Directory contains the names of Life Members, Long Term Corporate Members, and of those Corporate Members whose subscriptions are clear up to December 31, 2012 as well as those Annual Members whose subscriptions are clear up to December 31, 2012. The members whose subscriptions are in arrear from 2012 and beyond are requested to clear their dues for renewal of membership so that their names may be included in the next edition of the Directory.

The listing is zonewise and in alphabetical order. The year of enrolment is indicated in the parentheses following each name and the year in brackets indicates the year in which a member has compounded/opted for Life Membership; for Long Term Corporate Members it indicates the year of becoming a Long Term Member. The number at the top left of each listing indicates membership number and the abbreviation in brackets shows division* affiliation. For Corporate and Long Term Corporate Members LS and SS indicate Large Scale and Small Scale Industries respectively.

[*B–Basic Science; C–Composites; CC–Coatings and Colours; E–Vitreous and Porcelain Enamel; EC–Engineering Ceramics; ELC–Electronic Ceramics; G–Glass; M–Machinery and Equipment; P Whiteware and Heavy Clay Products; R–Refractories; RM–Raw Materials]
